

Hi, my name is Charley Ramirez. I am a freshman and this is my first year in FFA. It is my first time raising an animal for fair and I chose a pig. I chose a pig because I like pigs as an animal, they are one of my favorites and it seemed fun. I have learned alot about raising pigs and how to take care of them and now I know they are very stubborn. I plan to be in FFA again next year as a sophomore and to raise a pig for next year's fair as well. Besides raising pigs and FFA, I am involved in track and color guard. I also enjoy art and making posters!
