

Hello, my name is Carson Starkey. I am 16 years old and a sophomore at Del Norte High School. This is my third year in FFA and I really enjoy it. I plan on continuing with FFA through the rest of my high school years. In my spare time when I'm not in school or taking care of livestock animals I enjoy hunting and fishing.

My first 2 years in FFA I raised market sheep. This year I have decided to switch my project up and raise a market Turkey. It is a Broad Breasted Bronze Turkey. I have really enjoyed this project and learning how to care for and feed it. Despite everything going on I am still dedicated to my project and committed to providing a quality market animal. I provide my Turkey with quality feed and fresh water daily. I also spend time with my Turkey daily. I would be extremely grateful to anyone who would like to purchase my market Turkey.

Thank you for your time and consideration.
