

Exhibitor Biography

Exhibitor Biography

My name is Seth Tucker Lee and I am 17 years old. I attend Del Norte High School and originally came from Smith River Elementary School. I've been showing livestock at the fair for 9 years, mostly working with poultry. Additionally, I raised pigs as well as lambs for a few of those years. I enjoy raising Chickens the most because they're easy to handle and fun to play with. It's also really nice to have fresh eggs without visiting the grocery store. Other than farming chickens I love playing guitar and video games in my free time. In the near future I plan to move out and go to college. Currently I'm planning on majoring in either Engineering or Psychology. And taking those degrees and specializing in Aerospace Engineering or Psychiatry respectively. Though I don't plan on becoming a farmer, I'll never forget where I came from, and farming will always hold a special place in my heart.
