

Harleigh Pearson

My name is Harleigh Pearson. I'm 18 years old and a member of Del Norte 4-H. This is my 5th year raising a market animal but my first year raising a market steer. I am very passionate about raising livestock and have been saving the money I earn from selling my animals to pay for college.

When I am not at school or working with my animals you can find me practicing for the FFA Vet Science team. I really enjoy traveling around the state competing at different colleges and learning more about veterinary care of the animals I love so much. After high school I plan on going to college for 2 years then going to work at the prison.

This is my market steer Turbo. Turbo is a Angus/Maine cross. I've been raising Turbo since September. Turbo has been fed a very high quality grain and quality grassy hay to produce high quality beef. I've put a lot of dedication and hard work into this project and I'm very proud of Turbo. I will be very grateful for anyone who decides to purchase Turbo. Thank you for supporting our local 4-H!
